3. We can provide robe and flip flops if required. During the treatment you will be draped with towels to ensure your privacy.
4. Men will be asked to retain undergarments or swimwear for discretion.
5. Know that you are in a professional environment and do not expect anything other than therapeutic salon services.
6. Communicate your preferences during treatments so that therapists may adjust to your requirements.
7. Do not leave children under 16 unattended. This can be disruptive to other spa visitors and unsafe for your children.
